Experience

Private Tutor, Mathematics (Self-Employed) June 2021 - March 2023

- Successfully provided private tutoring to two students, helping them improve their mathematics grades from 49 to 85.
- Developed personalized lesson plans and teaching strategies tailored to the individual needs of each student, resulting in significant improvements in their understanding of mathematical concepts.
- Employed engaging teaching methods, such as visual aids, real-life examples, and practical applications of mathematical concepts, to facilitate effective learning and comprehension.
- Monitored and assessed the progress of each student regularly, identifying areas of improvement and providing constructive feedback to promote continuous growth.
- Established a positive and supportive learning environment, encouraging students to ask questions, express their thoughts, and develop confidence in their mathematical abilities.
- Received positive feedback from students and their parents, recognizing my dedication and commitment to helping students achieve academic success in mathematics.
